

Adityavikram Mistry

Bangalore, Karnataka

+91 8511302603 | avivikram999@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

EDUCATION

M. S. Ramaiah Institute of Technology, Bengaluru 2023 – 2027
Bachelor of Engineering in Computer Science and Engineering CGPA: 8.47 / 10
Relevant Coursework: Data Structures and Algorithms, Operating Systems, DBMS, Computer Networks, OOPS, AI&ML

PROJECTS

- CubeCoach** [🔗](#) / *React.js, TypeScript, Node.js, Express.js, MongoDB* Aug 2026
- Built a full-stack Rubik's Cube training platform with a verified algorithm library covering **102 cases** across OLL, PLL, and F2L.
 - Implemented a WCA-style speedcubing timer with **15-second inspection**, +2/DNF penalties, persistent solve history, and PB/Average of 5/12/50 tracking.
 - Engineered authenticated solve history with ownership isolation and a reusable solution viewer, backed by comprehensive automated testing with **522/522 tests** and **18/18 Playwright checks**.
- Academic Management System** [🔗](#) / *React.js, Node.js, Express.js, MongoDB* Nov 2025
- Developed a full-stack student management platform with secure authentication and role-based access control.
 - Implemented course enrollment, student management, and analytics dashboard features.
 - Built REST APIs and integrated MongoDB for efficient data storage and retrieval.
- Inventory Management System** [🔗](#) / *MongoDB, Express.js, React.js, Node.js* Jan 2026
- Designed and implemented an inventory and supplier management system for tracking products and stock levels.
 - Developed CRUD operations and optimized the database schema for improved performance.
 - Integrated frontend and backend services to provide a responsive user experience.

ACHIEVEMENTS

- Solved **500+ DSA Problems** Across All Platforms. **LeetCode Knight** – Max Rating: 1860 [Profile](#)
- 2 Star on CodeChef** (Max Rating: 1544) [Profile](#)
- Winner at CodeGolf 2.0** – ACM-RIT, Bangalore [↗](#)
- Winner at Bug Bash** – IEEE-RIT, Bangalore [↗](#)
- Finalist at CodeCrafters** – National Level Coding Competition, Bangalore (**Top 17 among 170+ teams**) [↗](#)

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript, TypeScript, R, SQL
Web: HTML, CSS, React.js, Node.js, Express.js
Databases: MongoDB, MySQL
Tools & Platforms: Git, GitHub, Docker, Kubernetes, Postman, VS Code
Libraries & Frameworks: Pandas, NumPy, Flask

EXPERIENCE

- ACE Coding Club, RIT | Vice President** 27 February – Present
- Led coding competitions, workshops, and hackathons with **100+ participants**.
 - Coordinated with members and faculty to execute events and increase participation.
 - Conducted peer-learning sessions on DSA to strengthen problem-solving skills.

CERTIFICATIONS

- Mastering Data Structures & Algorithms using C and C++** – Abdul Bari
- Cloud Computing** – NPTEL Online Certification [Certificate](#)
